

Mental health clinic in Daly City

January 1
date is set

San Mateo County manager Robert Stallings announced Tuesday a mental health center will be started in the North County area by January 1. County officials have indicated the site of the center will be in Daly City.

Total appropriations for the mental health center have been upped from \$1,517,900 to \$1,977,085. The money is to be spent for facilities, personnel and a day care center, all of which is subject to approval by the state.

The establishment of a mental health service in North San Mateo County has long been a subject of concern for people in this area.

City councils have urged action, school officials and citizens committees have asked for a North County mental health clinic.

The center became a budget request by Dr. Joseph Downing, program chief of Mental Health Services, under Dr. H. D. Chope, director of the San Mateo County Health and Welfare department.

San Mateo County now has a psychiatric day center, where patients who might otherwise require 24-hour treatment can receive daily professional treatment, yet continue their relationship at home uninterupted. There is a 24-hour psychiatric emergency room (one of the few in the United States) pre-emption home visits by psychiatrists to those entering state hospitals, a psychosomatic clinic, a nursing-home consultation. It has a strong rehabilitation program which aids patients in returning to healthy, secure roles in their homes and community.

Its consultation service provides county-wide agencies, teachers, physicians and others involved directly with people.

One example of mental health services which grew out of a community desire for facilities is the unit in Pacifica.

Dr. William Serbin of the mental health services division, heads this service in an area of 23,000 residents.

The first County Mental Health society was formed by a group of interested citizens, and as a result of their efforts the county board of supervisors established a child guidance clinic in 1947. The adult clinic opened in 1951. A bond issue in 1952 was approved by the voters, allowing construction of a 30-bed psychiatric ward financed by federal, state and county funds. It opened in 1955.

In 1957 San Mateo was one of the original seven programs to be established in California under the new Short-Doyle Act, which gave 50 per cent support to community mental health services. San Mateo qualified by its existing 5-part program, which had grown since 1951 to include hospital treatment, clinical out-patient service for children and adults, rehabilitation, and consultation, education and information service.

Trustee Calvert resigns

Dr. Donald R. Calvert, board member of the Jefferson Elementary School District, has resigned.

Dr. Calvert's resignation was accepted Monday with regret by the District Board of Trustees.

It became effective Oct. 15. Dr. Calvert is moving to Berkeley. He has served the district since July 1961.

Board members must now appoint a new trustee within 60 days of Oct. 15.

Within the next 10 days, according to Board Chairman Thomas F. Noonan, the board will accept names of registered voters of the elementary district who are qualified and willing to serve in Dr. Calvert's place.

Names will be screened after written submission and a selection of candidates for interview will be made.

Mrs. Katherine R. Mullen, trustee of the board, has suggested that a letter accompany the prospective candidate's name suggesting reasons for wanting to serve with the district.

Supt. Foster in bad SF auto crash

Richard Foster, superintendent of the Jefferson Elementary School District, escaped death Sunday when the car he was driving was demolished in a head-on collision.

Two young San Francisco boys, both 15, passengers in a car driven by Arthur Dulberg, 17, also of San Francisco, were killed when they were thrown to the roadway by the impact.

Foster received minor injuries including a bruised head, in the accident.

Dulberg was unhurt. Highway patrolmen say Dulberg lost control of his car as he was driving south from the Funston Ave. tunnel in San Francisco.

His car swerved into the right shoulder of the road, leaped across the median divider and smashed in Foster's auto.

Foster said Monday he was lucky to be alive.

Property tax bills include city revenue

People in Daly City should be receiving their property tax bills now, according to Anna Ohlendorf, city clerk.

Mrs. Ohlendorf pointed out that bills for this fiscal year include city taxes as well as county and district taxes.

Any questions concerning these bills will be answered by calling the office of the city clerk, she states.

Mary's Help on TV

A complete one-half hour program on the progress of the new Mary's Help Hospital in Daly City will be shown on KTVU-TV, Channel 2, Oakland, this Sunday at 1 p.m.

City, county talk on local government

By Floyd F. McCus Monday, Nov. 18, will be another history-making day for San Mateo County.

This is the day the San Mateo County Council of Mayors and the San Mateo County Board of Supervisors—in cooperation with the San Mateo County Development Association—will present an all-day symposium, "Synchronization of Local Government . . . Solving Problems Through Home Rule," at the Hilton Inn.

Such a meeting is believed to be the first of its kind in the United States where county and city governments officials sit down in an all-day session to discuss mutual problems and their solutions. Outstanding speakers are being lined up to lead off panel discussions on such important subjects as:

Roads-Highways, Sanitation—Bay Pollution, Rapid Transit, Bay Fill, Refuse Disposal, Convention Center-Hotel, Tax, Flood Control, Airports, Area Planning, Human Relations, Open Space Land Conservation, Recreation, etc. Senators Richard Collier and Richard Dolwig have accepted invitations to be two of the keynote speakers. Outstanding local officials also will participate.

All mayors, councilmen, commissioners and other city and county officials will receive invitations to this big event, which will get under way with a coffee hour from 8:30 to 9. Sessions are planned through the day to 5 o'clock.

This is the second program for "County Government Week," according to Supervisor Chairman James V. Fitzgerald. On Sunday, Nov. 17, county officials will join with leaders of the Native Sons Lodge at dedication of the county's new five-story office building in Redwood City, starting at 1:30 p.m. At 3 o'clock the same afternoon the new San Carlos Library will be dedicated with proper ceremonies.

Dedication programs are being arranged for Sunday, Nov. 24, for the new court centers in San Mateo and South San Francisco. The times will be announced later.

Residents who have "eagerly" awaited their annual tax bills are being relieved of the suspense this week. County Tax Collector Ross Conti last Friday completed the mailing of bills to 165,000 county residents.

The bills add up to a record \$77½ million. A careful study of the breakdown of rates will show the county has reduced its rate about 2½ cents. Some school districts have lowered, some raised. Utility collections will be up about a half million dollars.

Second school safe is cracked

A professional safecracker made off with about \$1,000 last Wednesday night from Oceana High School. The burglary, police reported, was done in the same manner as at Westmoor High School a week earlier, when some \$2,500 was stolen.

Police said the culprits broke their way into the open-air corridor which runs the length of the school and forced their way into the office. Using a chisel and power tool they opened the safe and made away with \$1,000 in coin and currency.

The theft occurred after 11:30 p.m.

District offers hospital support

The Jefferson Elementary School District Board of Trustees went on record by resolution Monday lending their support to the Mary's Help Hospital Fund-Raising Campaign.

The resolution, deeming the hospital necessary and worthy, said the board endorsed the construction of the facility in Daly City and pledge cooperation in support of the hospital.

increase, Conti added, results from the first-time collections of city taxes for Burlingame, Daly City and San Carlos. Redwood City and San Mateo are the only cities which still assess and collect their own taxes.

Supervisor Edward R. McDonald had been named acting chairman of the new Local Agency Formation Commission. Along with County Engineer Don S. Wilson, they will represent the supervisors in deciding annexations, incorporations, etc. for the entire county.

The Council of Mayors has named Mayor William Lawson of Menlo Park and Councilman Maurice Hamilton of San Bruno to the Local Agency Formation Commission. Alternates are Mayor Patrick Ahern of South San Francisco and Mayor John Rosselli of Redwood City.

The four commissioners will meet in the near future to select the at-large members as called for in the new law passed at the last session of the legislature.

Supervisor Alvin S. Hatch of Half Moon Bay was the proudest person at the head table at the president's dinner.

Two new schools to serve annexed area

The Board of Trustees of the Jefferson Elementary School District moved ahead Monday with plans to build two new schools in Daly City.

One school will be built on the intersection of an extended Market and Moltke Streets.

The other will be built in land to be annexed to Daly City—on the Christen Ranch.

The Board adopted a resolution which will put into motion the first phase of a four-part plan to construct a school which will serve pupils living in the Crocker area.

The plan calls for (1) an extension of Market St., (2) grading of the site, (3) assessment of the area and (4) building the new unit.

The resolution calls for the expenditure of \$87,420.00 to extend and improve Market St. to an intersection with Moltke St.

The improvement and extension of Moltke St. will be undertaken by other agencies. "The extension of Market St. is necessary to provide access to the new school," Supt. Richard Foster explained to the Board.

Wrong-way driver blamed for injuries

Andrew P. Lopez, 38, of 64 Woodrow street, Daly City, was blamed last Wednesday for a three-car accident on Bayshore freeway in South San Francisco in which he and two others were seriously injured.

Highway patrolmen said Lopez was driving north in the southbound lanes of the divided freeway at 8 p.m. when his sedan collided with cars driven by Jack A. Doherty, 43, Palo Alto mechanic and Alfred L. Musgrove, 51, Woodland.

Doherty was pitched against the steering wheel and suffered painful chest and abdominal injuries. He was given emergency treatment at Peninsula hospital and was transferred to Palo Alto-Stanford hospital.

Lopez and his passenger, Janet George, 24, of San Francisco, were admitted to Peninsula. Attendents said that the woman, who had been thrown against the dashboard in the crash, suffered multiple fractures and cuts of the face and other injuries. Her condition was described as poor. Lopez, who suffered head injuries and a lacerated chin, was in satisfactory condition.

Man takes life on Skyline blvd.

Daly City police last Wednesday were investigating the possible suicide of Cliff Morgan, 63, a machinist who resided at 676 Skyline boulevard, Daly City.

Neighbors had called police after noticing the house lights on for two days.

Daly City firemen forced open the door. Morgan, a widower of six-months duration, was found dead. His body showed evidences of bruises.

Officers said the man, who had been in ill health and had apparently been drinking, had formerly attempted suicide.

Two Oceana High school boys were arrested Saturday after the stolen car they were riding crashed through a guard railing on Chinese Cemetery road and plunged 20 feet down into a creek.

A witness said four boys scrambled out of the car and ran. Two San Bruno boys ran up the roadway and were stopped by Pacifica police.

The officers were kept continually busy Friday night stopping fights. The scissors were taken from an 18-year-old Daly City boy who found all the windows of his car smashed when he left the game. He headed for Bayshore Bowl apparently seeking revenge from a group of South San Francisco youths.

Officers were alerted in time to take him into custody. Two 14-year-old boys, one from Daly City and the other from South San Francisco, were taken into custody at the game.

Other Crime Sprees Police in other parts of the North County were kept busy with the arrest of an 11-year-old youth for the stabbing of his 16-year-old pal.

Youth Crime Spree

A 33-year-old Daly City man was knifed by three teen-agers last Saturday night when he got into an argument with the youths as he was walking home at about 1 a.m. at Mission and East Market Sts. in Daly City.

Gary Schmitts, 226 East Market St., suffered a three-inch knife wound in the back and was treated at Kaiser Foundation Hospital. He was transferred to Peninsula Hospital.

Chamber has full schedule

The Daly City-Colma Chamber of Commerce, which annually sponsors the Miss Daly City Contest Student Awards Night, and other community events, has three events forthcoming this year.

Nov. 14 is the host-Bayshore luncheon at the Sierra Bowl. At this time, local C of C officials will welcome Bayshore merchants into the city and acquaint them with Chamber programs.

The annual installation dinner, to honor past presidents and install new officers, will be held Saturday evening, Nov. 16 at the Olympic Club.

Chairman Edward Morgan said the main speaker is Lee Hamm of Wiley-Hamm and Blair, engineering firm, who will talk on Planning and its effect on the orderly development of a city.

At that time, Bernard Lyett will step down from the Chamber presidency to make way for President-elect Herb Sharpe. Named as first vice president is Dave Friendenberg. Second vice president-elect is Edward Morgan. Treasurer-elect is William Sweeney and Walter McCrae is secretary-elect.

The annual Christmas party is Dec. 19 at the Serra Bowl. Chairman Jack Krendee said high school entertainment will highlight the program.

Named as Membership Drive chairman is Ben Peralta, John Hancock Life Insurance, who plans to conduct a member campaign in the Bayshore area.

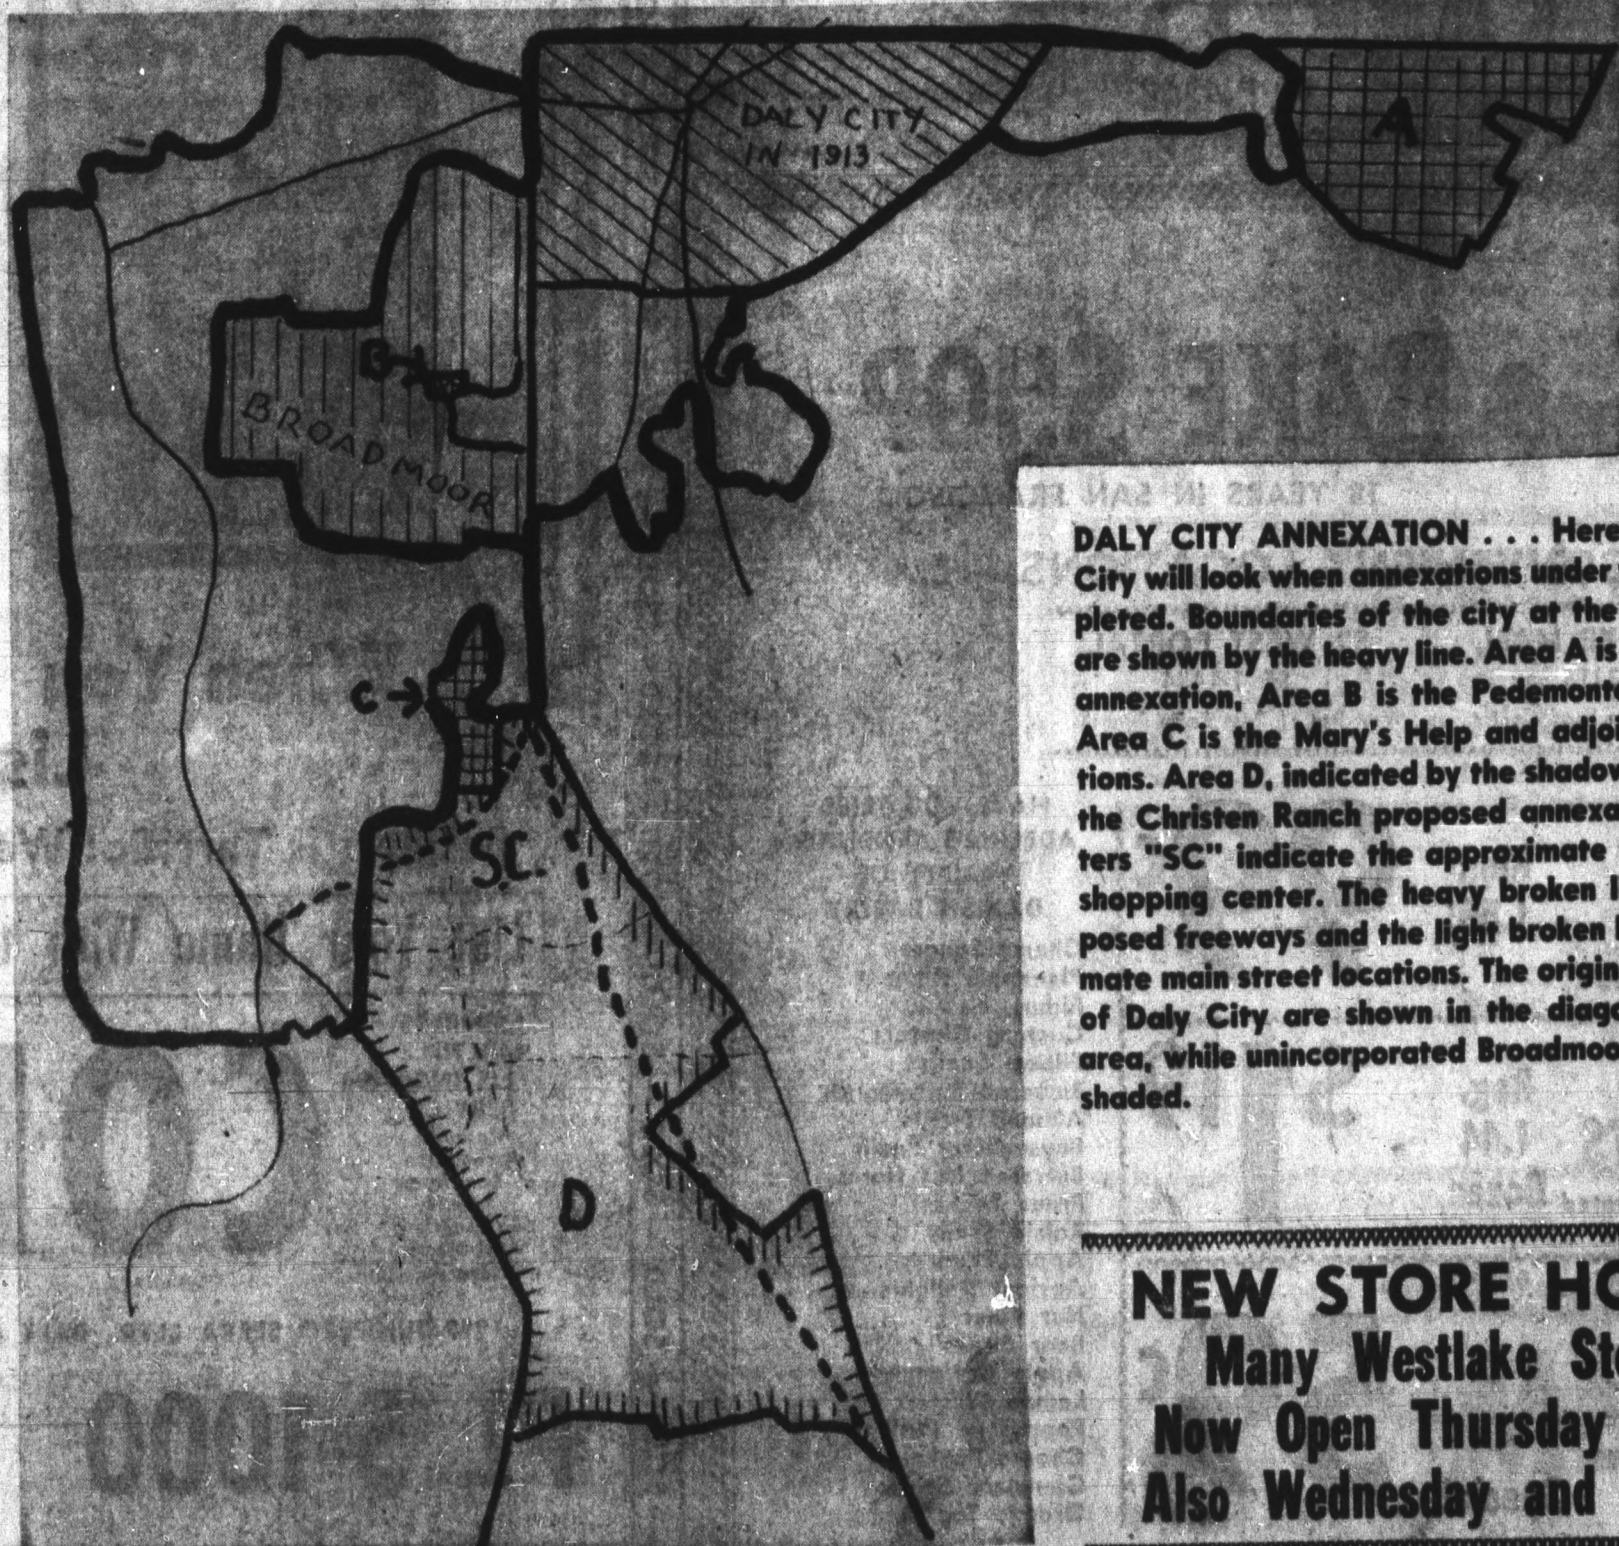

Thugs slash Daly City man

A Daly City mechanical engineer was slashed with a razor in a robbery attempt Sunday night on Oak near Broderick St. in San Francisco.

German Mayer, 28, of 14 Dale Rose Court, needed 43 stitches to close the cuts in his face.

Mayer said the two thugs, knocked him down, tried to go through his pockets and the shorter of the pair slashed the right side of his face.

The pair fled without taking Mayer's wallet, which contained \$18, and he managed to drive to St. Francis Hospital where a surgeon sutured Mayer's razor wounds.

DALY CITY ANNEXATION . . . Here is how Daly City will look when annexations under way are completed. Boundaries of the city at the end of 1962 are shown by the heavy line. Area A is the Bayshore annexation, Area B is the Piedmonte annexation, Area C is the Mary's Help and adjoining annexations. Area D, indicated by the shadowed border, is the Christen Ranch proposed annexation. The letters "SC" indicate the approximate location of a shopping center. The heavy broken lines are proposed freeways and the light broken lines approximate main street locations. The original boundaries of Daly City are shown in the diagonally shaded area, while unincorporated Broadmoor is vertically shaded.

Campaign at mid-point

With the public drive for \$1,500.00 to complete the new Mary's Help Hospital in Daly City virtually at the half-way mark, (approximately \$700,000 already subscribed), the campaign received strong new support when Rev. Richard W. Power, pastor of Our Lady of Mercy Church in Westlake, recently returned from Europe, announced that he had asked his parish organizations—the Men's Club and the Women's Auxiliary—to do a door-to-door solicitation of all of Westlake.

"This generous gesture on the part of Father Power," said Federal Judge George B. Harris, Chairman of the Board for Mary's Help Hospital, "is greatly appreciated, and is in line with the splendid cooperation and support received from Protestant and Jewish organizations and individuals throughout the North San Mateo service area."

This nonsectarian support of a non-profit general community volunteer hospital in the most critical area of California is evidence of the public's awareness of the urgent need for this type facility," Judge Harris added.

"Despite the fact Mary's Help Hospital is a church-related institution, operated by the three-century-old Order of Daughters of Charity, it is strictly non-sectarian in its service to all races and religions, regardless of economic status," continued Judge Harris, adding, "In fact, the Daughters of Charity have been noted for their service to the poor, and a free clinic for those unable to pay will be one of the features of the new Daly City hospital."

Mrs. F. J. Burns of 86 Lake Forest Dr., president of Father Power's Women's group, will direct the door-to-door solicitation of Westlake, while Mrs. Dolores Leonard, 79 Santa Elena Ave., official of Mary's Help Nurses Alumnae Assn., and Mr. Thomas Noonan, 476 El Dorado St., will

head up the drive in St. Francis Heights. Mary's Help Guild, under the direction of President Mrs. Mary Neagle, wife of Dr. Paul Neagle, have pledged to raise \$50,000. They live in Daly City.

Others leaders in the drive for the new hospital include the Rev. Roy Milam, D.D., formerly of Daly City; Rev. H. Hansell Stenbridge, pastor of the Westlake Baptist Church; Rabbi Herbert Morris of Temple Judea; John Drye of Kilpatrick Bakeries; A. J. Zirpoll, Bank of America; Frank Curry, plumbing supplies; and chairman of the local campaign committee; Peter Marovich of the Chamber of Commerce; Paul Hupf, City Attorney and president of the Daly City Rotary Club, and many others. The Rotary Club has undertaken the solicitation of the downtown shopping area. The Daly City fire department under Chief Elmer Kennedy is also working hard on the drive.

New Schools

(Continued from Page One)

\$600,000 School
The total cost of the projected school will be in the neighborhood of \$600,000.00 board members were told.

It is now designated as the "Area 3 School."

Public Hearing
The board also passed a companion resolution designating Nov. 4 as the date of a public hearing prior to dedicating land owned by the school district to the county for the roadway.

Christen Ranch
The District's Board moved to begin negotiations and action to acquire about 24 acres of property north of a proposed freeway through the Christen Ranch.

The area approved by the board will be bounded by the freeway and Belhaven Ave. south of the St. Francis Shopping Center.

This will be the site of a proposed 7th and 8th grade school serving children in St. Francis Heights, Westlake Knolls and the northern portion of the Christen annex. The board heard arguments for two sites, one north and one south of the freeway.

"Site No. 1" chosen by the board will be slightly more expensive to buy, but less costly to develop, according to Foster told the board.

Total cost of the proposed 7th and 8th grade unit, including the site and construction, will be about \$750,000 according to present estimates, Foster told the board.

Move to annex FDR School to Daly City

The Jefferson Elementary School District Board of Trustees will petition Daly City to annex the Franklin D. Roosevelt School.

The school, now in the Pacifica area, is part of the Jefferson Elementary School District and as such may be legally annexed to Daly City if the board requests the move.

The annexation would clarify police and fire protection for the school and establish a Daly City recreation program on school grounds, according to School Superintendent Richard Foster.

over the past two weeks. Four members of the juvenile burglary gang, the oldest member of which is 14, were taken into custody at their homes Saturday after one gang member was overheard bragging to friends about the burglaries.

The 11-year-old boy was charged with assault with a deadly weapon when he apparently stabbed his pal, 16-year-old Anthony Baker, a resident of San Francisco Working Boys' Club, while the two hitchhiked down Cabrillo highway Saturday night. The younger pal claimed he and his friend were pretending to have a knife fight and he "accidentally" stabbed his pal.

state organization. He was president of the state organization in 1953.

Later in the meeting, Mr. Hatch accepted the top safety award for counties with 1,301-3,000 employees. The low accident rate means that the carefully supervised program instituted this past year will pay off in dollars and cents on insurance premiums and fewer man hours lost.

Harry Koch, who now heads the safety program for the county, has put on driving schools, conducted field and office safety inspections, initiated training for drivers of county equipment, showed films and distributed literature and put on a safety slogan contest.

Go to college—where?

Senator Dolwig of San Mateo County is strongly advocating a new state college for this county. He bases this on the tremendous population explosion which San Mateo County has experienced both from the movement of new families to the county and the "baby boom" following World War II which is now reaching college age.

San Mateo County as a whole will experience a 580 per cent increase in number of high school graduates from 1950 to 1970.

Dolwig contends that the high school graduate increase on the Peninsula will reach critical proportions in relation to available facilities before a Peninsula State College could be constructed "even if we start right now."

Present plans call for a new north county junior college to open in 1966. The site will be in San Bruno. How Dolwig feels that more senior college facilities are needed and that immediate action is necessary. In line with this he introduced a bill to spend \$7 million to acquire a site and start preliminary planning in the last session of the legislature. The bill was vetoed by Governor Brown on the grounds that more time was needed to complete the master plan.

Only a few years ago a high school diploma was sufficient to start any one except professional men into business. But now, employers are demanding a college degree or at least several years of college work. Where are these young people to get this required education when colleges are turning away all but the cream of the crop of high school graduates?

Obviously this means that the only way to relieve the situation is to build new college as soon as possible. And San Mateo County is a critical point of need.

Better Business Bureau warns on referrals

By LORENE BEASLEY

There is always a "wishful thinker" who relies on the assurance of a salesman who will spend hours in his home promising "Free Merchandise" if a list of friends who might be in the market for the same item is submitted along with a certain small sum.

The "wishful thinker" does not stop to wonder why anyone would be selling merchandise if all buyers were going to get the same merchandise for nothing. When the salesman leaves and he reads the "paper" left in his hand, he finds he has signed a conditional sales contract that will obligate him to meet regular payments even though there may be no "referral commissions" from the list he has given the salesman.

There are honest referral sellers. It is the growing number of fly-by-night outfits who use promises of big income to make a sale, knowing that the buyer will never benefit. These, the Better Business Bureau warns, distributors provide promotional material instructing the salesman in the art of making

WHS teacher explores civil rights in depth

By Sue Sherman

WHS civics teacher Paul Zimmerman is transferring information gained in this course to his civics classroom. He is attending a civil liberty and civil rights seminar at the University of California, as a result of being awarded a tuition scholarship.

Zimmerman hopes to help his students gain an awareness and understanding of what these problems involve.

Observing that young people of today apathetically regard pressing problems concerning civil liberties and civil rights, he is attempting to stress American constitutional principles.

"Today's teenagers seem less concerned about civil liberty and civil rights than previous generations. In my own little way, I want to do something about it," he stated.

Some of the questions explored thus far include: To what extent should free speech be extended to Communists in the United States, if at all? Can a man be prosecuted for being a drug addict? Should children be allowed the right to refuse to salute the flag? Should religious instruction be provided for students during school time?

Other problems studied concern wire-tapping, sit-ins, racial demonstrations, and dis-

Young GOP joint meet

Members of the 19th and 23rd District Young Republicans will join to gether for their monthly meeting to hear Assemblyman William T. Bagley on Monday, October 21, at the Red Chimney Restaurant in Stonestown at 8.

Bagley, a graduate of the University of California, is a San Rafael attorney and is the Republican Caucus Chairman of the California State Assembly. He will discuss the problems created by the Democrats in the recently concluded session of the State Assembly and how the Republicans plan to deal with this situation in the future.

A business meeting will follow the speaker and refreshments will be served at the conclusion. Membership is not required to attend this meeting and anyone interested is cordially invited to come and learn what is going on in Sacramento from one of our most prominent legislators.

"And she was your client, Mr. Barrister, a friend in need, so to speak. That would seem to make you the big man."

"And you were the vice expert, Captain, who made the big arrest of the poor girl."

"And you were the civil rights expert, Mr. Barrister, who attacked the reasonable and probable cause so vigorously. She wasn't exactly knitting boots in that motel room, you know."

"A motel room can be a man's, or woman's, castle, too, you know, Inspector."

"Not so, Mr. Barrister. She was a prostitute playing her trade in that motel room and we can prove it."

"Yes, I recall the big raid that you led, Officer—cameras flashbulbs popping, tape recorder rampant, and all. Your vice experts did a big thing that night."

"We arrested a person breaking the law, Mr. Barrister, so that you could have your day in court."

"Someone has to protect the citizen's rights, Captain."

"And you protect the minority of ladies of the evening, Mr. Barrister."

"The minorities must be protected and their rights guarded, General."

"True, Mr. Barrister, but in so doing we can go overboard on behalf of thieves and other minorities. The minority that is not being defended properly is the sufferer of the deprada-

tions of these people. That minority, in effect, is the neglected majority."

"Do you say that the individual citizen has too many rights, Inspector?"

"I say, Mr. Barrister, that dual citizenship includes Federal citizenship, and that the Federal citizen is a very tender and delicate person, indeed, law enforcement-wise."

"But we are all Federal citizens, Captain."

"Exactly my point, Mr. Barrister. And although I wouldn't change it, I think that present interpretations are hurting the majority."

"I'm defending a policeman in another city who is darned glad he has the Federal citizenship rights to invoke."

"Why not, Mr. Barrister, if he has seen many another thief and vice figure get away with it?"

"You know the philosophy, General—it's better to let many guilty go free than to convict one innocent person."

"Then that kind of puts all the points on your side, Mr. Barrister. I have seen many guilty ones go free because of scarce and belated rulings—and I have never (repeat, never) seen an innocent person convicted. That makes you a hero, but I don't see it helping society, or the crime, even a little bit."

"I disagree with you, Captain."

"You know I'm not a Captain, Mr. Barrister."

"Oh, did I say it wrong? Perhaps it's because you should be a Captain."

"I think so, Mr. Barrister. But I don't think that you think so."

Something for Everyone

By Samuel Chandler

Of course, it is impossible to bring into one volume all that should be included in a significant anthology of science. But, the fifth edition of "A Treasury of Science," is a notable attempt. It is a book that should be purchased for home libraries and constantly used as a reference source.

Under the editorship of Dr. Harlow Shapley, the volume contains 79 selections and through them traces the development of science from the Hippocratic oath to the space flight, "DNA" by John Pfeiffer, "Mathematics, the Mirror of Civilization," by Lancelot Hogben; "The Aims of Science," by Roger Bacon; "Proof That the Earth Moves," by Galileo; "Giant Brains," by

E. C. Berkeley; "Evidence of the Descent of Man from Some Lower Form," by Charles Darwin; "Thinking," by James Harvey Robinson; "Variations on a Theme by Darwin," by Julian Huxley.

The book is divided into seven parts. Each part treats a broad area of science. These are preceded by an extraordinary introduction by Dr. Shapley. Herein questions for further research are suggested.

As with previous editions, this Treasury is an inexhaustible well. Each article included can be read and reread, but never exhausted. Individually, the selections are significant—collectively they form a panorama of true science as it affects the scientist and the layman.

What Every Woman Should Know About Her Automobile

By WENDY WHEELER
Auto-Torium Feminine Driving Consultant

"But I don't have to write it down, dear," I said to my husband at breakfast the other day, "I can remember everything you asked me to do. Pick up your shirts, take the grey suit to the cleaners and see if they can do something about the cigarette burn, and . . . ah!"

Obviously, I then wrote it all down and when I stopped in at the Auto-torium store to pick up the new side mirror the clerks were all busy and I had a chance to look over some of the merchandise.

I spotted a plastic chrome tape, and after reading the simple directions decided it would be perfect for touching up the chrome on the patio furniture. Works beautifully too, you just rub off the rust with steel wool and cut out a bit of tape—put it on—furniture like new. It should be wonderful for chrome trim on appliances too.

Then I found the plastic porcelain, which I had to have for the chip in the kitchen sink and that terrible scratch on the refrigerator. It comes in a tube so that you don't even need a brush to apply. Just squeeze a little on the chip and you're all set. It won't yellow over a period of time, either.

My next find was something ideal for that ugly overstuffed chair in the den. The children have climbed on it, spilled

things on it—the sun has bleached it. In short, it is a terrible looking chair but still quite serviceable. The old chair's salvation was called "Fab-Spray," a spray on coloring. It was the easiest thing in the world to apply. As it comes in a very wide range of colors, I chose one I particularly liked . . . a dark red. After the chair was sprayed the whole room looked fresher and more modern. All the faded streaks and stains were completely covered.

It is really surprising what is manufactured for automotive use that comes in very handy for use around the home.

I'm looking forward to the new items I may discover tomorrow when I make another trip to the Auto-torium store to pick up the side mirror for my husband. You know, the one I forgot to buy when I was there today.

Free copies of Wendy Wheeler's informative and entertaining booklet, "What Every Woman Should Know . . . About Her Car," may be obtained at any Auto-torium store or by writing her in care of this newspaper.

QUESTIONS AND ANSWERS

Q. Am I automatically eligible for nonservice-connected disability pension because I have become 65 years old?

A. The VA nonservice-connected disability pension is not based on age but on the fact that the veteran has become totally and permanently disabled. However, your age may be a contributing factor. Since each case is decided individually, you should consult your nearest VA office.

Q. How can I get the medal the government gave to all World War II personnel at the end of the war?

A. Write to the branch of the service with which you served and give your dates of service as well as your identifying service number.

Q. My claim for death pension for our children was denied in 1959 because their father had no service-connected disability. Should I reapply?

A. Yes, reapply immediately. On July 1, 1960, the requirement was eliminated that a World War II or Korean veteran must have a service-connected disability at the time of death.

DISCOUNT PRICERS

MUST DISCOUNT SERVICE.

Next to the cost of drugs, a pharmacist's salary is the greatest expense. This is proper for a pharmacist studies for many years at college and like a physician passes a state examination.

Discounters must lessen services like charges, or personal attention. Their pharmacists must speed up prescription dispensing, endangering safety. Our prices are fair, with no discount on any service. Our concern is the best possible pharmacy, not the lowest price.

YOUR DOCTOR CAN PHONE US when you need a medicine. We deliver promptly to Daly City, Westlake and St. Francis Heights without extra charge. A great many people entrust us with their prescriptions. May we compound yours?

Local Observance of Lutheran festival

The choir and pastor of Hope Lutheran Church, Daly City, will participate in the annual Reformation Festival Service, being held this Sunday at Grace Cathedral in San Francisco at 3 p.m.

It is sponsored by all of the Lutheran Churches of the Missouri Synod in the Bay Area, and will authentically recreate many aspects of the traditional festival observances historically held in the great Lutheran cathedrals of Europe. The public is cordially invited to attend this traditional Lutheran festival.

Choral music will be provided by a massed adult choir and a combined children's choir, with trumpet accompaniment. Mr. Kenneth Ahrens of Monterey will play the cathedral organ. Speaker will be the Rev. Henry G. Hartner of Oakland's First Trinity Lutheran Church. The Rev. Armin H. Polster of Hope Lutheran Church, Daly City, will be the rector. Officiant will be the Rev. James Sudbrook of St. John's Lutheran Church, San Francisco. Lutheran clergy from the Bay Area will participate in a vested procession.

Pastor Polster stated: "I would urge all Christians to attend and participate in this truly authentic, historical Lutheran service, and to discover anew the changeless principles of the great Reformation, as vital and important in our day as they were when Luther first posted his famed Ninety-Five Theses on the door of the Castle Church in Wittenburg on October 31, 1517."

Hope Lutheran Church, 55 San Fernando Way in Daly City, will have its annual dinner this Sunday evening at 6:30 p.m. at the War Memorial Building in Daly City. Over 30 new families, who have affiliated with Hope Church this past year, will be given special recognition. New officers for 1964 will be elected, and plans for the future will be discussed.

Our Redeemer's Women to Study the Bible

Women of Our Redeemer's meet in the homes to study the Bible. They enjoy the interesting studies and the brisk discussions around the reading of Bible Verses. Scriptures are provocative and have a way of stimulating worthwhile group discussions.

This week, women will gather at the following Bible study centers: at the home of Mrs. Walter Johnson, 334 Holly Ave.; Mrs. Arnold Isakson, 335 Catherine Dr.; Mrs. Keith LeRoy, 74 Calvert Ave.; and at the Youth Room of Our Redeemer's Church.

The leaders of the Bible study groups are Mmes. Elmer Laursen, William Harter, Harry Cass and Lyle Gibson.

To make for happier and more sensible home life will be discussed in the light of what the Bible has to say about family relationships. Should the father be the leader of his home? Are children to be obedient to their parents? What motivating factor is missing in our home life today, since so many families cannot live together?

Mormon Church talk on Indians slated Oct. 25

Of prime importance to the Indian people is their religious customs. Where did they get their background in religion? How did the Indians know all about the Old Testament prior to Columbus and Cortez? Why did their practices so closely parallel those of the Old World? How did they have knowledge of the Great White Father?

Zula Brinkerhoff, of Zions National Park, can give you answers to all of these questions and many more. Mrs. Brinkerhoff has lived among, and studied the American Indians for years. Hear her compare their traditions and legends to the Book of Mormon, which is a record of three distinct migrations of Israelites from Palestine to the American continent. It is a history of the ancient inhabitants of South, Central, and North America.

Mrs. Brinkerhoff is well qualified to make this comparison. For an interesting evening we invite you to the San Francisco Stake House, Hillside and Brunswick Streets in Daly City this Friday the 25th. The time is 8:00 p.m. and there will be no admission charge.

'Changing Catholic Church' Rabbi's talk

Temple Judea will hold its regular Sabbath Evening Services this coming Friday evening at 8:30 p.m. at the Temple, 95 South Mayfair Ave., in Westlake. Rabbi Herbert Morris and Cantor Harold Wachter will officiate.

In discussing his sermon topic for this Friday night, Rabbi Morris stated "For the first time since the birth of the Catholic Church, the opportunity for a Jewish-Catholic dialogue has been created. The influence of the Church not only extends to those who are Catholic. Catholic thought and action have decidedly influenced the manner and moral of the entire world."

The Christian Church has always been viewed as a daughter of Judaism. In seeking to understand the deliberations that are currently taking place in Rome, and its effect on the Jewish community, Rabbi Morris will develop the theme of Jewish-Catholic relationships.

Rabbi Morris recently took part in an Interfaith Forum held at St. Boniface Catholic Church, San Francisco. This week the Rabbi is representing the Board of Rabbis of Northern California at the Interfaith Conference being held at the Vallombrosa Retreat Center in Park.

Raymond Burr

Truly dedicated to his profession is actor Raymond Burr. His skillful portrayal of CBS' "Perry Mason" has won for him an honorary Doctor of Law degree from McGeorge College of Law.

He also serves as ex-officio goodwill ambassador for the legal profession. He is in constant demand to speak before legal groups both in this country and abroad.

Guest of honor at a recent Bay Area press luncheon he held the attention of the assembled group with his deep resonant voice and dignified bearing. Before he auditioned for the role of Perry Mason he spent days sitting in courtrooms studying people and procedures. He also has acquired a valuable collection of legal texts and case books.

His outstanding television performances have won for him many top awards. He received Emmys in 1959 and 1961 from the Academy of Television Arts and Sciences and the first TV Guide Award as the most popular male personality in 1960. He also has been successful in movies playing in such films as "Key to the City," "A Place in the Sun" and "A Cry in the Night."

Most impressive to us, too, was his size. He stands six feet two inches and weighs 210 pounds. In meeting him somehow we had the feeling that he could take care of any dangerous situation that he might encounter as "Perry Mason." This is the seventh year for the popular television series and from the acclaim from Raymond Burr's public it looks like it might go on forever. The program is seen weekly over KPIX on Thursday at 9 p.m.

If you don't own a colored television set but have been contemplating purchasing one, this is probably the season to do it. NBC announces that this season's night-time schedule will be typically 70 per cent in color. Ranging all the way from color documentaries to art shows, sports and dramatic shows. Even children's shows are in color with four programs on Saturday being colorcasts.

COMING PROGRAMS: Over KTVU, "Science in Action" with Dr. Earl S. Herald of Daly City will report on "Living Fishes" (in color) from Steinhart Aquarium, Oct. 24, 7:30 p.m.

The second in series of "The World's Girls" (examining aims, occupations, attitudes of women) will be seen over ABC, KGO-TV, Oct. 25, 10 p.m. Returning to KQED on Oct. 25, 8 p.m., "Face to Face"

BBC-produced series of conversations with 20th century's most gifted men and women. Carl Jung will be first interview.

KPIX proudly announces that they recently filed their 20,000 news film (primarily locally shot film) making their library one of the largest in Northern California.

Prolific woman artist showing in Westlake

Phyllis Lect Germain, an artist from San Francisco, will exhibit 60 of her paintings and still life portraits at the Westlake Library in Daly City through the month of October.

A painter for the past six years, she was encouraged by Mrs. Henry Doelger. She has also worked in line drawings and tone charcoal, tone in watercolor and white and color.

She studied with Thomas C. Leighton and with Arthur Palmer and with Nat Leavy, president of the Western Watercolor Society.

She had showings at Delta Arts Assn. in Antioch, at the D'Sassent Gallery and at Seymour's in Westlake. Born in England, she also lived in Canada before coming to live in the Bay Area. Her address is 150 Mira Loma drive, San Francisco.

Visit the 'zoo' at Vista Mar

Some say that Vista Mar gives the appearance of two gay circular circus tents. But only the real insiders have the actual story of just what is going on within the "tents" of Vista Mar. Curious parents and passers-by have questioned the use of strange boxes and cages being carried to and from school by eager students. Well, our secret is out—Vista Mar is slowly assuming all the characteristics of a well stocked zoo!

Our main attraction has been the man in Room 1 who gives mice to good little children. (Mr. White and the 5/6 grade students in his class have been raising them.) Miss Johnson, the 6th grade teacher in Room 2, has her class scurrying about the room in search of runaway rats. Archie and Fenwick, the rats that live in Mrs. Oberlander's room are always getting into some sort of trouble. Recently, Archie got his tail caught in the door of his cage. Archie now has a square-ended tail. A special white rat, named Whiskers (who lives in Miss Dwyer's 3rd grade room) has a special treat everyday at 12:30. One lucky child gets to take Whiskers for his daily outing and exercises.

The Vista Mar Home for Rats has two other residents in the form of Pinky and Squishy. They are the beloved rats in Miss Shaffer's 2nd grade room. Don't be surprised if you see one of the boys or girls with a rat on his shoulder or on top of their heads. Try it! It's fun.

A guinea pig named Fluffy in room 12, Mrs. Boyle's 1st grade class is a pig with a personality.

Rotary goes back to school

The Pacifica Rotary Club joined the "Back to School" band wagon when they held their October meeting at the new Cabrillo School.

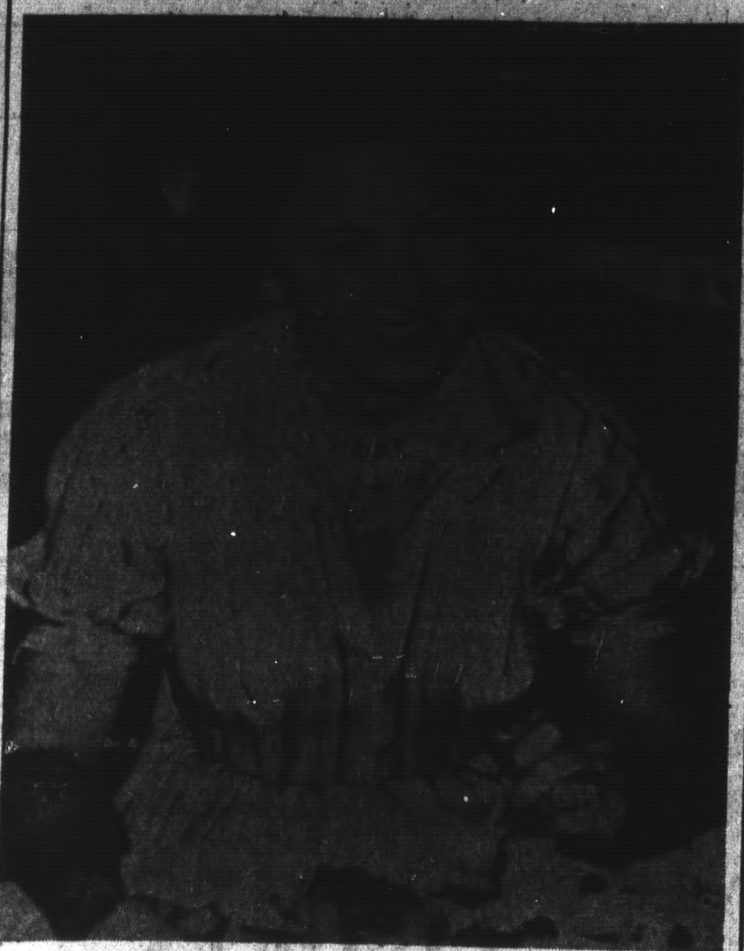

The school lunch program invited them to a typical Type A lunch.

They served the menu of the day -- which included meat pizza, buttered peas and carrots, tossed green salad, cantaloupe, brownies and 1/2 pint milk.

Rotarians were taken on a grand tour of the new school plant by Mr. Paul Eckels, principal.

Special guests included Mr. F. Lucas, school superintendent; Rod Dalley, school trustee, and John Yohanan, assistant principal.

Bob Fizer, Rotary president, Howard Hoops, Harlan Minshaw and Paul Eckels were guests of the school.

NEW MANAGER— Mary Miller, who has recently returned from Hawaii, has been named manager of the Casual Aire

women's shop in Westlake. She opened two stores for the chain in Hawaii, according to Howard Bean, owner.

D. Webster's first student council meet

By Paula Cohn

Oct. 15 was the date of Daniel Webster's first Student Council meeting of the term.

The first thing we did at the meeting was discuss our constitution of the Student Council. Second, we discussed what we might do for electing officers. At this council meeting we discussed the rules of the school.

Miss Wright, the teacher of a sixth grade class, attended the meeting on the 15th, and will continue to come as an advisor.

The representatives of the first grades are Patty Sheerin, Laurie Kern and Ronald Moguin. The alternates are Glenn Judd, Tonette Marato and Tommy Lazzerini. The second grade representatives are Robert Brand and Nina Berglund. Then we have the alternates who are Diane Marato and Lyla Bisgo. The two representatives from the third grades are Julie Edgerton and Daniel Brummer. Also for the third grade are Carol Jenichen and Martin Jones acting as alternates. Amy Hall and Donna Smith are the representatives from the fourth grade classes. The alternates are Harlan Kinderman and Harry Heiser. From the fifth grade we have Shirley Sowl and Cynthia McGuigan acting as representatives. The alternates are Jean-

nette Schaeffer and Michael Warren. The sixth grade representatives are Ed Neasel, Paula Cohn. The alternates are Gary Eassa and Jo Hirsh. We have Linda Phil acting as the representative for the special class and Ty Bridwell as the alternate. The next meeting will be held on Nov. 19. The officers President, Vice-Presidents, Secretary will be filled at meeting.

County report

Highway progress

Assemblyman Leo J. Ryan, south San Francisco representative in the San Mateo County area, after consultation with the Department of Highways, District IV in San Mateo County.

Route 280
Plans have been submitted for storm and sanitary sewer lines on Junipero Serra Boulevard approximately one-half mile south of Viles Avenue and this work will be advertised in the future.

The project is preliminary and beginning of construction of approximately 3.9 miles of freeway on Routes 1 and 280 between Palmetto Drive and San Francisco and one-half mile south of Eastmore Avenue in Daly City.

Funds in the amount of \$10,000 have been budgeted for work which includes an interchange between Route 1 and 280 in the vicinity of Alejo Boulevard and on Route 280 at Knowles Avenue. Alejo Boulevard Overcrossing. Additional traffic separation will be constructed at many Boulevard in the vicinity of Orizaba Avenue, St. Les Avenue, School Street, San Pedro Avenue. Overcrossings will also be provided at Garden Gateway and Dunks Street to carry stage road traffic over the way.

Route 1
Construction is approximately complete on the two one-half mile section of lane freeway between Park Road and Manor in Pacifica. Presently, grading and grubbing operations are under way, embankment is being constructed in area of Sharp Park Golf course and in the Reina del frontage road area, sewer facilities are being installed and several large re-

infined concrete box culverts are being constructed.

Funds in the amount of \$4,364,000 were allotted for this project which included almost one mile of reconstruction of the existing alignment of Cabrillo Highway south of Westport Drive. Pedestrian crossings will be provided over the freeway at Milagra and under the freeway at the golf course. Traffic separations will be built at Clarendon Road, Manor Drive and Paloma Avenue with full interchange facilities being constructed at Sharp Park Road.

North of the Edgmar District, traffic has been detoured and the contractor is excavating for the structure and constructing embankments for the Gateway Drive Undercrossing. Work is approximately 15% complete on this project and it is expected to be completed early next year. Approximately \$298,000 was allotted for this contract.

The contract for the bridge itself is expected to be advertised early next year and \$500,000 has been budgeted for this project. This portion of Interstate 280 will not be a usable unit but construction at this time is required to maintain coordination with work in progress on the University projects.

Funds have been proposed in the tentative 1964-65 program for two separate projects on Interstate Route 280. \$4,000,000 has been proposed for the San Mateo Creek Bridge project with an additional \$3,600,000 being required the following year. Mr. Pier Luigi Nervi, the Italian architect and engineer, submitted sketches for this structure for review in August and architect Mario Clampi is preparing sketches. Funds in the amount of \$5,000,000, with an additional \$3,200,000 required the following year, are proposed for the ex-

tension of this route from Eastmore Avenue in Daly City to south of Arroyo Drive in South San Francisco. Studies are presently being made on changes proposed by San Mateo County at Collins Avenue.

This project which should be advertised shortly includes rough grading and construction of drainage and frontage road facilities on Route 1 between Interstate 280 and Route 35 (SSR 5) in Pacifica.

It's a tax deduction now

One gift now means no future taxes!

The question most frequently asked of citizen solicitors for the new Mary's Help Hospital, now under construction in Daly City, is: "What does this hospital do for me... except increase my tax bill?"

The answer, according to Gene Hoffman, local campaign office manager, is simple: "Although the new hospital will be administered by the Daughters of Charity (with 300 years' experience in the business), it will be a non-profit, non-sectarian general community voluntary institution, open to all persons regardless of race, religion or economic status.

Unlike a "District Hospital," which is supported by taxes, the new Mary's Help Hospital **WILL NEVER APPEAR ON THE PUBLIC TAX ROLL.** By virtue of its 'round-the-clock emergency service and its traditional free clinic for the poor, it is certain to increase the value of every piece of property in the service area, but you can be equally certain it will **NEVER INCREASE YOUR TAXES**... because it is **not** a tax-supported institution.

The question we ask is, "CAN YOU AFFORD NOT TO SUPPORT THIS ONE-TIME DRIVE FOR ONE OF THE FINEST, MOST MODERN HOSPITALS IN THE WEST?" Your bread will return 100 fold... but with **NO TAX BILL** attached.

P.S.: If not solicited, send your donations to Mary's Help Hospital, 145 Guerrero St., San Francisco 3.

Olympia school news briefs

Miss Margot Glaesner, student teacher at Olympia School, participated in an Outdoor Education program in Stanislaus County for two weeks. The program for the Stanislaus sixth grade students was held at the Old Oak Ranch, located in the foothills of the Sierras. The children spent the week studying plant and animal life and their conservation.

Thursday, Oct. 15, Mrs. Snell's first grade and Miss Hamblin's second grade classes at Olympia School were entertained by two lovely señoritas, Patri Speler of Miss Hamblin's class, and Susie Speler of Mrs. Snell's class.

Patri and Susie wore authentic and handmade Panamanian dresses called Polleras and danced three Panamanian dances. Each girl wore beautiful, antique gold combs and jewelry.

Patri and Susie are originally from Panama City, Panama. Their family came to the Olympia area, Daly City a year ago.

The dance presentation was one of many activities the children of Olympia School will be sharing during United Nations week. Dolls, flags, coins, art objects and products from many countries will be displayed.

From A Feminine Viewpoint

By Mona Baker

Sailing, sailing, not over the bounding main but over tranquil Lake Merced. It has been a busy sailing season for localites who in addition to weekend sailing in the Lake have attended regattas all over the state of California. The Blue Jay Fleet spent a week camping and sailing at Huntington Lake near Fresno.

A busy women's group who support the activities of Lake Merced Sailing Club is the Lake Merced Sailing Club Women's Auxiliary. A highlight of their social calendar is the annual dinner dance to be held next month by the yacht club in Oakland. Trophies will be awarded for winners who have participated in various regattas. Also a highlight of the coming social season is their annual breakfast and installation to be held in December.

Members of the Auxiliary meet at various homes around the area. Next month's meeting will be held at Jerry Wharton's home in Pacifica.

Officers of the group include Jeanne Sorensen of Westlake, president, Jerry Wharton, vice-president, Gertrude Donohue, secretary, and Mildred Ruby, treasurer.

Our community leader this week is one who in her own words "has just started to participate in community activities." A mother of four small youngsters she has only been able to take time away from home during the last couple of years.

This year she has agreed to be co-chairman of the annual fashion show-luncheon of Holy Angels Women's Guild. The elegant benefit affair to be held next February is the group's most important money-raising activity to be held during the year.

She has also served as treasurer on the Guild's executive board and also works as a volunteer in the school library.

She has participated in all community fund drives and this year will be active in Cub Scout activities.

We salute Vicki Tallero as our community leader of the week. The Tallero family, husband, Richard and children (Gregory, Pamela, Terry, Jeffrey) have been residents of Daly City for six years living at 532 Luanne Avenue.

Oils, watercolors, mosaics, woodcuts, sculpture — the 4th Annual Exhibition of Arts and Crafts of the Pacific Art Guild (Nov. 2nd & 3rd) promises to be the most exciting ever.

Art enthusiasts from all over the Bay Area come to view the exhibit which has become one of San Mateo County's leading cultural events.

The setting for this year's show is again historic Pedro Point Firehouse overlooking the blue Pacific.

Among local artists who will have exhibits are Ruth Rosengard from Westlake and Sally Arroyo from San Francisco. Among Pacifica artists whose work will be on display are Joanne Adams, June Alley, Robert Bly, Rodney Clark, Sydney Clark, Louis Hays, Keith Kratz, Joseph Mauborgne, Belle Nou, Lillian Neathery, John Patterson, Luther Spraker and Otis Strong.

The exhibit will be open on both days from 10 a.m. to 6 p.m. Do remember the dates and plan to drop by. We know you'll be most impressed with all the artistic talent found in our local area.

SOCIAL WHIRL: Colorful oriental lanterns hung from the ceiling, dramatic floral centerpieces of pink carnations and white daisies graced the tables as the Jefferson Classroom Teacher's Association welcomed new teachers to the district. The afternoon reception was held last Monday in the Colma School multi-use room. President Iola McKeown welcomed the guests assisted by hostess committee, Dorothy Schneider, Marlene Elsbre, Helen Cordell, Sharon Light and Marilyn Marino.

Carnivals are in the air — come one come all! Planned for November 15 is a carnival at Fernando Rivera school. Gay ladies in "Gay Nineties" costumes will be manning the booths, featuring such choice items as handmade gift items, Christmas decorations, delicious cakes and pies. Snacks will be on sale so bring the youngsters and plan to stay all evening.

NEWS BRIEFS: Highlighting the November fashion show picture is the first YWCA Thursday Girl fashion show to be held at the magnificent Friar Room of Serra Bowl on November 7. Norma Washford is fashion show director. Reservations are required so hurry and telephone the YWCA.

A fashion show as a benefit for the Jean Lambert Memorial Scholarship fund is being planned by the Pacifica Federated Women's Club. Wilma Burton is chairman.

Visiting son and family from England is Mr. Jack Kimberley Sr. He will return to England in the spring.

Seafaring film for Y-Wives October 29

Girls head Westmoor Rampage 1963-4 staff

Heading Westmoor High School's Rampage staff this year are co-editors Sheila Stavish and Sherry Rosen.

They have chosen Beth Buckley, Lanette Howard, and George Mitchell to serve as individual page editors. Special editors will be Darlene Brown, Michelle Colby, and Ray Sabella.

Co-editors Sheila Stavish and Sherry Rosen are both seniors who have had previous journalistic experience and each is currently writing a Westmoor news column for the local press.

Co-editor of the Rampage last year, Sherry came to WHS from West Virginia as a sophomore. Her current list of school positions include Commissioner of Clubs on WHS executive board, president of

Spanish Club, and Vice-president of California Scholarship Federation.

A prospective CSF life member, Sherry has maintained an average in classes which have included enriched English and elevated social science courses, as well as Chinese. Planning to major in languages, Sherry intends to attend either Stanford or the University of California.

Sporting a record of editorships, Sheila was editor of her elementary school newspaper in Japan and of the Benjamin Franklin Key. Serving presently as a member of Westmoor's Sergeant-at-Arms staff and secretary-treasurer of French Club, she has also taken enriched English and social science courses and is considering attending the University of

California. Sheila and Sherry are officially page one editors and will be assisted by page one assistant editor Dave Sholin.

Second-page editor Beth Buckley is the only junior holding an editorial position. Working on the Rampage for her second year, she hopes to major in journalism at San Francisco State College. Taking care of all editorial and feature material, Beth will be aided by page two assistant editor senior Rita Fahrner.

Third-page editor is senior Lanette Howard, who has previously been a volunteer "Candy Stripper" at St. Francis Memorial Hospital, was Vice-President of WHS Future Nurses Club last year, and hopes to become a dental hygienist. Senior John Tyson is

page three assistant editor.

Editing page four, George Mitchell will handle all Rampage sports material. President of his junior class, George's future plans include attending college in Wisconsin with a major in economics. Juniors Bill Mulcrevy and Joe Ward will help as assistant sports editors. All three boys have also written sports stories for the local press.

Exchange editor is senior Darlene Brown, whose job involves sending out copies of Rampage to other schools and WHS alumni, and handling all news coming from other schools. Secretary of her senior class and president of a church youth group, Darlene is a member of the Rampage staff for her third year.

Litterdogs invade Westmoor law

More than foggy weather is making Westmoorites reluctant to venture outside during their physical education classes. Softball and track are perilous undertakings because of

littering courses set by uncoordinated dogs with no respect for academic sanity.

Conducting business at school should be teachers' and students' not dogs' who industriously do their all over the lawn. Littering masters apparently consider Westmoor grounds an ideal spot for daily outing. Thoughtless they permit their pet's impromptu littering. They would highly appreciate for Rover's refuse, diaper the dogs, or walk them somewhere else.

About one-fourth of the nation's irrigated acreage is in California.

Westmoor wanderings

By Sherry Rosen
WHEN IT RAINS AT WHS, it pours cats and dogs and Morton salt. Water reigned on the hilltop during most of last week, equally drenching one and all with non-discriminating precipitation. The teaming torrents in the courtyard separating the chambers of food for thought from food

well as soda pop, ice cream and popcorn.

Each of the seven participating clubs are furnishing members and parents to run one two-hour segment of the carnival as follows: Saturday: Noon-2 p.m. Casuals; 2-4 Bayshore Jr. Teens; 4-6 p.m. Imperials; 6-8 H-F; 8-10 p.m. Know Names; Sunday: 1-3 p.m. Majestics; 3-5 p.m. Telstars.

for the stomach prompted one frustrated and famished professor to mutter, "I guess the Chinese had a word for it..." (Perhaps some delicate Oriental profanity?)

Particularly ill-timed, the showers dropped many a lacquered lock that had been prepared to face the cameras of the Bosco Studio for traditional senior portraits. Sylvia Porter and company must have noticed an inflationary economic boom in Westlake centering around local beauty shops, as the senior girls invaded the salons all week for picture-perfect coiffures. Tragic were the tales told the next morn of nights spent in vertical slumber or none at all.

THINK ETHNIC: Sure to be voted the Outstanding Assembly of the Year in Terms of Popularity, Interest, and

Fun is the hootenanny held last Friday. Rams rocked to folk music presented by a group of guitar-strummers and hummers from San Francisco State.

RAMBLING ON: Juniors are busy measuring fingers for class rings this week. Other big spenders are doling out the dollars for the 1964 Rambler now on sale, and editors Cathy Lynch and Judy Silvestri promises an annual that will be better than ever. Coast Guard representatives visited the hilltop high to answer questions about his field posed by interested senior boys. Getting a sneak preview of the rigors of College Boards are the juniors who will be taking the Preliminary Scholastic Aptitude Test (PSAT) this Saturday.

CULTURE is a major part of life at Ramsville this semester. A group composed of drama and English students will enjoy the Actors' Workshop production of "The Taming of the Shrew" tonight at Marjorie's Memorial. Another group of worldly teens will attend a lecture on "What Has the United Nations Done?" given by Alistair Cooke at the Sheraton-Palace on Oct. 28.

CLUB CAPERS: Artists of the newly-organized Associated Artists Club heard a lecture on the arts by Mr. Lloyd Elliot. GAA's are currently signing up for the annual Father-Daughter Fun Nite, when dads and their darling daughters get a chance to gain some skills and shed some pounds.

JESD teachers take part in child study

Several teachers are participating in the Prescott Child Study Program which is being sponsored by the Jefferson Elementary School District under the direction of Dr. Walcott Beatty of San Francisco State College.

The Child Study Program began in 1939 under the auspices of the Commission of Teacher Education of the American Council on Education and has continued to grow and spread throughout the United States.

This program provides in-service training which will help educational personnel integrate a body of scientific data and concepts from the

behavioral sciences and to make practical application of this data in the classroom. The in-service program is designed as a three-year study program.

Terry Burns, Travis Glasick, Mario Lombardi and Gladys Rose will act as leaders of the Child Study Program Groups. They attended a leadership training program in Modesto during August. The workshop was under the sponsorship of Jefferson Elementary School District and the Modesto Unified School District and was conducted by Dr. Walcott Beatty and Dr. Shephard Insel of San Francisco State College.

Warriors win war with Jeff

Jefferson's long standing gridiron feud with South San Francisco ended in disaster for the Indians—again. The South City Warriors overcame the Indians Friday 33-13 by leading in every quarter except the last when they matched Jeff's one score for the period.

The Indian-Warrior football rivalry has been going on for some 39 years with the Warriors going into Friday's game with a four-game all-time lead on the Indians. Now they lead by five.

South San Francisco chalked up its 20th win last week leaving the 39-year-old standings: SSF 20, Jefferson 15, with four ties.

Friday's win over Jefferson puts the Warriors in a three-way deadlock with Westmoor and El Camino for the NPL championship with four games still left to play.

The Warriors broke the ice Friday midway through the first quarter with a one yard push over the goal line by fullback Greg Jones.

Pretari made the PAT kick good. Jeff was scoreless at the end of the first segment.

South City scored again toward the end of the half when Art Gutierrez ran a successful five yard drive into the Indians' line and over the chalk-line.

Jefferson opened up late with a completed 42-yard pass from the able arm of Rich Cuadra to Ed Larios.

Then Cuadra did it again three seconds later with a short three yard toss to Paul Howe which Howe parlayed into 6 points.

A Ciolino kick gave the Indians their 7 half time points.

But, Indian hopes lasted fleetingly—South City Jones came back seconds before half-time end with a 29-yard gallop to make it SSF 13, Jeff 7.

It took Jefferson all of the third quarter and most of the fourth to score again.

The Indians combined Cuadra and Larios in a final period try but the odds were against comeback.

The Warriors had struck twice—in the third with a Bob Baptista 18 yard run and in the fourth with a one yard Sanguinetti rush.

And there it was.

7th & 8th grade touch football

Steve Kirby started the scoring for his PAL Vikings when he caught a PAL Brave runner behind the goal for 2 points.

The fine kicking of Giant Phil Dupont was another of the game's highlights. Most observers considered the closeness of the final outcome as something of an upset. The fine defensive work of John O'Dea, Don Thomson and Check Gerrigthy was largely responsible for containing the vaunted PAL attack.

The next Viking score came when Ron Hackett took a direct pass from center. He ran to the strong side then cut back and raced 57 yards for paydirt. Final: Vikings 14 PAL Braves 0. Viking power came from Drago, Pipkins, Katz, Theomelos, Piccardo and Nelson.

The Bender Roofing Cats illustrated the value of an outstanding defense in their game against the OLPH Wildcats. Joel Carrara tossed to Don Getchel for the first score of the game. The Wildcats came back and struck through the air first on a pass from Guglielmoni to McGuire (50 yards TD), then a 25 yard TD pass to Tom Neary.

From this point on, it was all Bender Roofing Cat defense. Carrara intercepted a Wildcat pass and tied up the score with his run.

In the second half, the Bender Cats' defensive line took over. After pushing OLPH back to their goal line, Abbott recovered a fumble in the end zone to take the Roofers ahead 18-6. A little later "Topcat" Carrara picked off another Wildcat aerial and went all the way. He passed to Guzman for the extra point. Final: Bender Roofing Cats 25 OLPH Wildcats 12.

Eight grade action saw the favored PAL Bears edge out a determined Holy Angels Giants in a classic 7-6. PAL Bears opened the scoring midway in the first half with a 30 yard aerial to end Tom Grady. In the second half, Holy Angels countered with a 60 yard

touchdown pass from quarterback Ralph Fonseca to Don Belluomini for the deadlock.

The fine kicking of Giant Phil Dupont was another of the game's highlights. Most observers considered the closeness of the final outcome as something of an upset. The fine defensive work of John O'Dea, Don Thomson and Check Gerrigthy was largely responsible for containing the vaunted PAL attack.

Rolling down the glory trail like a runaway cement truck, the PAL Eagles flattened the Holy Angels Colts with a 33-0 win. Fred Balletto started the scoring with a 10 yard run into the end zone. Butch Bonavito ran over for the PAT. Bonavito passed a 5 yarder to Mike Conaty for 6 more points then ran over the PAT.

The defense took their turn when Russ Frederico intercepted a Colt pass and went 40 yards for a TD. They again called upon Butch Bonavito to run over the PAT and he did. Balletto then took to the air and Bonavito pulled in a 20 yard TD pass.

The final score came on a 25 yard TD run by Bonavito who crossed the goal line 5 times during the game and passed over it once. Ricky "The Wall" Berger and his marvelous monsters kept the pressure on the Colts as the score shows. For the Colts, Mark Fillmore and Bob Gordon stood out.

This league featured another dandy game. The PAL Raiders and the OLPH Golds fought out a tremendous defensive game that had to be decided by a sudden death play off. After a scoreless four quarters, Dave Stein picked off an OLPH pass that made the difference that gave the Raiders the win. For the Raiders, Stein, George Garcia, Tony Mass and Steve Pettilo were real defensive standouts while Ben Chavez and Mike Bender held up the honor of the Golds.

Colts conquer Sharks

Bob Sexton's El Camino Colts bucked their way to a 26-6 win over Jess Jones' Oceana Sharks last week.

With the first NPL win of the '63 season under their belts, the Colts are sizing up the title with an eye toward capturing it.

Friday's affray puts the El Camino squad in a three-way position for the spot along with Westmoor and South San Francisco.

The Colts galloped and snorted their way up and down the South San Francisco field Friday to just about outdo the Sharks in everything they tried. Like scoring.

The Oceana eleven is credited with 116 yards rushing. The Colts went 224.

El Camino made four touchdowns. Oceana made one.

The Colts made two conversions. The Sharks did outdo the Colts in the air.

Oceana tried 10 times to put a ball into a receiver's hands. They hit six times.

The Colts tried nine times. They made it once.

Shark fullback Tom Summy made things look hopeful for a little while in the second quarter, but it didn't last.

Summy carried the ball a pounding 44 yards for the only Shark TD.

Otherwise, it was nothing but Colts and more Colts. Mike Tyler made a 27-yard touchdown run in the first quarter.

HYPNOSIS
Question: How Can Hypnosis Remove Problems?
Answer: It does not and should not remove problems, but it can help a person to adjust themselves to cope with everyday problems.

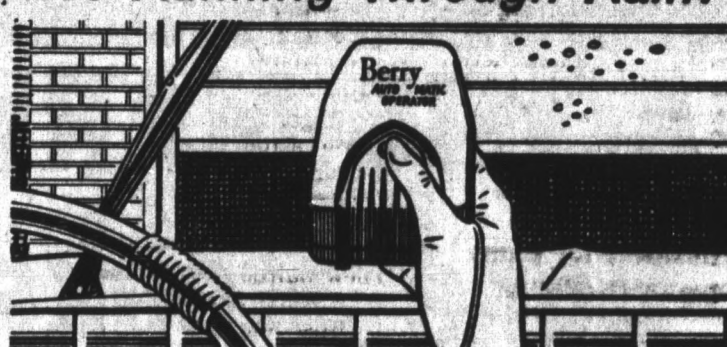

Q. Does the hypnotist minimize his subject's problems?
A. No, this would be a wrong approach, the most beneficial way is through non-directive methods.

Q. What is meant by non-directive methods?
A. This means that the state of suggestibility which exists under hypnosis is not used to direct the subject's actions or reactions. Rather, hypnosis is used to teach the subject how to Relax and find the repressions (forgotten incidents) responsible for neurotic reactions. By this method all directive suggestions are made after the subject has been brought out of hypnosis.

Q. How can hypnosis help with marriage problems?
A. Hypnosis enables one to better understand himself which helps for more understanding of the marital partner.

Westmoor defeats fast running Jeff

Westmoor's varsity distance men continued winning ways last Thursday by beating Jefferson 23-35 on the Indian's course.

"If we can get past Jefferson we should be on our way," Coach George Simon said for the past week.

The Rams seem to be on their way.

Simon was pleased with the win. "The boys ran well and it was a true team effort; our best to date."

Bob Deukers led the Rams to their third league victory in a row with a second place time of 10:57.

Veterans Dennis Tracy and Chris Bravos followed Bob with third and fourth spots in 10:59 and 11:01.

All three broke the old Jefferson course record of 11:03. Milo Torres and Ed Raymond completed the scoring with sixth and eighth positions in 11:11 and 11:17.

Bob Arriola finished out the top ten with an 11:25.

Westmoor's Sophomores are undefeated in league competition.

They scored a decisive 18-43 victory and broke a 1.93 mile, 12:00 record three times.

Palmer, Blackfield and Hoffman, with 11:43, 11:45, 11:52 in first, second and fourth.

Paul Brown and Guilian just missed the record with 12:01 and 12:03 in fifth and sixth spots.

Ram J. V. men ran into a strong Jeff squad as they fell 18-42.

Stan Nelson placed third with a 12:09; but other Ram runners failed to place. John Arnold took seventh, Green ninth, and Cottrell and Slavin 14 and 15.

Ram freshmen runners looked

strong as they downed Jefferson 10-42.

Tom Bundros and Bob Slocum placed first and second on the same 1.93 mile course in 12:37 and 12:46.

Yarmouth and Autzen took fourth and fifth in 12:52 and 12:53.

Decker completed the scoring in the seventh position with a 12:58 time.

"We have three squads that are undefeated in league competition. We cannot overlook South San Francisco and El Camino who have strong squads," says Simon.

SFS cagers ready for UP opener

San Francisco State's basketball coach Paul Rundle is readying 25 candidates including six lettermen in preparation for the Gator's cage opener with tough University of Portland Nov. 30 at Portland.

Rundle is still seeking a replacement for Mike Carson, his standout guard last year.

"We'll start out with more size this year," he says optimistically, "but it's not going to be easy to replace Carson. We'll just have to wait and see how this squad develops."

If Rundle had to name a starting lineup right now, it probably would look something like this: Brad Duggan, 6'4", San Francisco, and Mahlon Harmon, 6'5", Oakland— forwards; Mike Ryan, 6'7", Hayward, center, and Bill Nocetti, 5'11", San Francisco, and Dave Roberts, 5'9", San Francisco—guards.

Duggan, Harmon and Nocetti were considered starters last year, and Roberts saw considerable action. Ryan had a promising season with the freshman team and could make a title contender out of the Gators.

Two other lettermen who are being counted on are Ron Benavides, 6'1", Oakland, and Terry Stogner, 5'11", Belmont—both guards.

Franklin downs OLPH with 17-7

Our Lady of Perpetual Help 8th grade football team played a very strong game at Benjamin Franklin school last Monday, despite their smaller size.

The final score was Franklin 17, OLPH 7.

Coach George Ambrosio has done an outstanding coaching job with his small team.

O.L.P.H. quarterbacks were caught twice in the end zone in the first quarter and Benjamin Franklin had a quick 4-0 score.

In the second quarter O.L.P.H. scored on a pass and lateral play and passed for the conversion.

At the half they led 7-4.

In the third quarter quarterback Marion Sandoval threw a pass to Bob Stillwell to give B.F. the go-ahead touchdown. The conversion was missed.

In the fourth quarter Sandoval again teamed up with Stillwell for the game's final touchdown.

Sandoval passed to Lance DeRoo in the end zone for the conversion giving B.F. the 17-7 win.

Sharing top spot in the league is the OLPH Bugs. The Bugs look like the team to beat in this league. This week the PAL Rams fell before the Bugs 25-0. Barry Clark tossed 2 TD bombs to Mike Galli while both Tommy Lujan and Clark ran over scores. Mike Egan's PAL Cougars clawed their way to a 7-0 win over the BYA Renegades.

Kim Blake made the one big touchdown on an end run. Blake then passed to Richard Manning for the PAT. Other Cougars playing good ball were Mike Coker, Jack Gusito, Gene Ghilarducci and the rough tough Egan brothers.

Bright moments for the Renegades were a 40 yard punt return by Albert Abbott, an intercepted pass and a 25 yard return by David Glass and the passing of Farrar to Mannina. The BYA Blues picked up a win via the forfeit from the Holy Angels Lions. The Lions are unable to come up with a coach so it looks like they will be dropping from the League.

Benjamin Franklin hosted the Brisbane 8th grade football team Friday and downed their visitors by 15-6.

Brisbane opened the scoring the first time they got their hands on the ball with a run around left end.

In the second quarter Benjamin Franklin scored a safety when Pat Munday and Bill Bassnett put on a hard rush to catch the Brisbane quarterback deep in the end zone.

Quarterback George Poulos put Benjamin Franklin in the lead in the second quarter with a pass to Grady Proctor in the end zone.

Poulos passed to Lance DeRoo for the conversion and Benjamin Franklin took a lead of 9-6.

In the third quarter Poulos passed to Bruce Russell from 6 yards out for the game's final touchdown.

The conversion was missed and Ben. Franklin won the game with a final score of 15-6. Bruce Russell made the outstanding catch of the game late in the second half while lying on his back. He caught a deflected pass with one arm while rolling over on the ground.

Benjamin Franklin journeys to Parkside School Oct. 23 hoping to reverse their only loss of the season.

Parkside is leading the league with a 4-1 record.

Football old as colonies

(Editor's note: This is the third in a series of articles about the history of football.)

Football probably was brought to America by the English colonists who established Jamestown in 1607, according to researchers of Compton's Pictured Encyclopedia.

An inflated pig bladder usually served as the ball for these early games.

Women played, too, because throwing and passing were more important than kicking.

Early in the 19th century, football games were played at Harvard and Yale to determine class supremacy between freshmen and sophomores.

The "games" were hardly more than mass rushes and "slug fests."

In 1860 authorities at Harvard and Yale ended these brawls and Harvard students held a mock funeral for "Football Fightum."

An important step toward making football a recognized sport was the organization of the Oneida Football Club of Boston in 1862.

The founder of this "first organized football club in the U.S." was Gerrit Smith Miller.

The first American intercollegiate football game grew out of rivalry between Princeton and Rutgers.

On Nov. 6, 1869, the contest took place at New Brunswick, N.J., and Rutgers won 6 goals to 4.

The game was played with 25 men on a side.

A few days later Princeton won at its home field, 8 goals to 0, but rivalry between the two colleges became so bitter that school authorities forbade a third and deciding game.

In 1875 Harvard and the McGill University Football Club of Canada introduced the Rugby principle of running with the ball.

The two teams played part of one contest under Harvard (soccer) rules and the remainder of the game under the Rugby rules of McGill.

Rugby impressed Harvard players so favorably that they decided to abandon what was called the "somewhat sleepy type of game" then played.

By 1876 the right to run with the ball was generally recognized.

Franklin 15; Brisbane 6

Benjamin Franklin hosted the Brisbane 8th grade football team Friday and downed their visitors by 15-6.

Brisbane opened the scoring the first time they got their hands on the ball with a run around left end.

In the third quarter Poulos passed to Bruce Russell from 6 yards out for the game's final touchdown.

The conversion was missed and Ben. Franklin won the game with a final score of 15-6. Bruce Russell made the outstanding catch of the game late in the second half while lying on his back. He caught a deflected pass with one arm while rolling over on the ground.

Hillside PTA plans spaghetti dinner

The Hillside PTA will have a spaghetti dinner at their Thursday, Oct. 24, unit meeting, starting at 6:30 p.m. in the multi-use room. The regular meeting will be held following the dinner.

Tickets are available at the school offices of K-6 and Colma Intermediate. The donations of \$1.50 and 75c for adults and children under 12, respectively, are to raise money for PTA expenses for the 1963-1964 school year.

Moms, bring dad and the children, your neighbors and friends, so that we may bring into closer relations the home and the school, so that parents and teachers may cooperate intelligently in the training of the child. The success of your PTA depends on you. You are the PTA.

B. Franklin has new vice principal

The position of vice-principal of an intermediate school, such as Benjamin Franklin, is one that requires a great deal of skill in a wide variety of areas.

Official duties include the responsibility of serving as acting principal in the absence of the regular principal; assisting in the solving of discipline problems; parental contact, working with teachers on curriculum development, advising and sponsoring student organizations, such as the Ben Franklin Rally Boys, a school service club, and being the "right-hand" of the principal in administering an effective school plant.

The community of Daly City, and the students and faculty of Ben Franklin, welcomes its new vice-principal, Mr. Charles Sidney Smith, entering the JESD after eleven and half years of experience in Humboldt County. All look forward to a mutually rewarding educational association.

Briefly, Mr. Smith was born in Visalia, California, and raised in Eureka, Calif., where his family have been residents from the year 1880.

He graduated from Eureka High School, and received his B.A. from Humboldt State, majoring in Music Education and minoring in Language Arts and History. He received his M.A. in Educational Administration from the same college in 1961.

Following his graduation he served in a variety of positions in Humboldt county, including teacher in the grades, music supervisor, and high school vice-principal. Just prior to coming to Benjamin Franklin he was an elementary Supervising Principal.

He is an active member of many professional organizations including the Phi Delta Kappa (National honorary fraternity for men in education), N.E.A., C.T.A. etc. He and his wife, Elizabeth Everett Smith, have a daughter Lauchlan Lannore born July 4, 1955.
